

Air Conditioning & Heating

Goodman announces a great way to help Aire Serv® franchisees!

Goodman is excited to extend the Aire Serv incremental rebate program for 2018.

The program is simple: On top of the 3% rebate each franchisee earns on purchases of any Goodman, Amana, or Daikin branded equipment, Goodman will pay an additional 3% on all incremental purchases over 2017!

Example: If you purchased \$50,000 in our equipment last year, and purchase \$100,000 this year, this would equal \$50,000 in incremental purchases. Your earnings would be:

Existing Partner Rebate:	3% x \$100,000 = \$3,000
Incremental Rebate:	3% x \$50,000 = \$1,500
(Incremental sales only)	

That's \$4,500 in total rebates!

If your franchise has not tried any of our brands in your business, then this is a great time to give them a test. All of your purchases would be incremental, and that amounts to a whopping 6% rebate on every item purchased (3% regular rebate program + 3% rebate on incremental). Plus, you'll be pleasantly surprised by the quality and reliability that has made all of our brands part of the world's largest heating and air conditioning manufacturing company. And you can also take pride in all the equipment being designed, engineered, and assembled in the USA!

Program valid on purchases from 1/1/18 to 12/31/18. Incremental rebates will be paid at Reunion 2019.
