in business required to enroll by 12/31/18

FINANCING SPEAK SIMPLIFIED.

Put more home improvement projects within reach.

Financing can make a big difference for your customers and your business. We're here to help and will provide you with effective ways to communicate the benefits of financing throughout your conversation with the customer, so that you can help them get what they need—or what they really want—with a convenient way to pay over time.

75%

of cardholders say they **always seek promotional financing** when making a major home improvement purchase.

87%

of cardholders say promotional financing makes their large home improvement purchases **more affordable**.

Synchrony Bank Cardholders spent

\$1,630 MORE

(31.85% increase), on average, than non-cardholders.

Discover Synchrony Transact, a streamlined, digital process to offer consumer financing:

Synchrony Transact is an online platform that provides an end-to-end financing solution on your digital devices—from consumer credit application to payment. It makes the financing process faster, easier and more convenient, allowing you and your team to focus on projects rather than paperwork.
